EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Warren B. Kice on April 25, 2005.

The application has been amended as follows:

- Please cancel claims 1-27.
- Please amend claim 32 as follow:

32. An operating room assembly for connecting between two electrical components used in a surgical environment, the assembly comprising at least one electrical conductor electrically connected between the two components for establishing an electrical current path between the two components, and an electrical conductive shield extending around at least a portion of the conductor for establishing an additional path for transmitting any electrical noise generated during the operation of the components, wherein one end of the shield is electrically [connected to] grounded at one of the components, and wherein the other end of the shield is not electrically connected to either component.

Art Unit: 2833

2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to teach the operating room assembly have a shield with one end of the shield is electrically grounded at one of the components, and wherein the other end of the shield is not electrically connected to either component, and in combination with the remaining limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
